1 Social inclusion and re/integration of VoT/PVoT

1.1 Background

The Family and Childcare Centre (KMOP), in cooperation with European Public Law Organization EPLO (GR) and Center for Protection of Victims and Prevention of Trafficking (XK) is implementing the three-year project titled: *Moving Forward: Promoting Greater Efficiency and Effectiveness in the Fight Against Trafficking in Human Beings in Kosovo*. This project is funded under the IPA II Programme, Reference: EuropeAid/150787/DD/ACT/XK.

The purpose of the project is to increase the efficiency and effectiveness of the fight against Trafficking in Human Beings (THB) in Kosovo by increasing the ability of the Kosovo institutions to effectively coordinate and implement all anti-THB efforts, in line with EU Acquis, best practices and Kosovo's overall development priorities.

One of the specific objectives of the project is to strengthen and ensure sustainability of service provisions and reintegration process for VoT and PVoT. It will be achieved through the outsourcing of social inclusion and reintegration programmes to the CSO/NGO service providers by means of a grant scheme mechanism. It is expected that 10-20 CSO/NGO service providers, including shelters, will receive funding and at least 50 VoT/PVoT will be supported by the sub-grant scheme projects.

The expected result is increased technical and financial capacity of CSO/NGO service providers, and shelters in particular, to accommodate the needs of VoT and, accordingly increase in the number of victims receiving tailor-made social support and reintegration services. The final beneficiaries of the project and of the sub-grant scheme programme, VoT and PVoT, will benefit from improved social support services at local and community level and thus better social inclusion and reintegration prospect in the long run.

This is the Call for Proposal under the above mentioned project in fulfilment to its Sub Granting Scheme. Through the "Sub Granting Scheme", the project will be financing small and large scale projects related to the thematic areas (2.1.2).

The budget allocated for this Call for Proposals is EUR 150,000.

1.2 Objectives of the programme and priority issues

THB is one of the greatest human rights challenges of our time and every country is affected by this phenomenon. The trends of trafficking in Kosovo are changing continuously, as the trafficking rings seem to react quickly to both the demand and the law enforcement responses. Support to victims is an integral and crucial part of anti-trafficking efforts in Kosovo.

The overall objective of this Call for Proposal is to increase the range and quality of social care and protection services for VoT/PVoT in a sustainable manner with emphasis on social inclusion and reintegration of VoT.

The specific objectives of this call for proposals are:

- I) Support CSO/NGOs to better respond to the inclusion needs of VoT/PVoT in daily social life.
- II) Support CSO/NGOs to better respond to the needs of VoT/PVoT to achieve self-sufficiency.

Priorities

The Call aims to accommodate the wide variations in the approach utilised by the different CSOs and the complexity and diversity of the reintegration process of VoT.

Actions must be aimed on how to best accommodate the long-term needs of VoT/PVoT, and to provide targeted support and assistance for returning VoT/PVoT to a meaningful life that includes family, society, employment and many other factors.

However, the rehabilitation programmes (sheltering and round the clock support) will not be supported by this Call for Proposal, as these types of services are already funded from other sources.

The current Call for Proposals seeks to support shelters and civil society organisations, specialised¹ in offering services to the victims of trafficking, including rehabilitation and re-integration, licensed and non-licensed CSOs, working in the following thematic areas:

Objective	Type of intervention suggested – non exhaustive
Social inclusion of VoT/ PVoT	Family reconciliation and counselling
	Formal/Non-formal education support
Economic re/integration of VoT/ PVoT	Vocational training
	Vocational guidance and counselling
	Labour mediation and job placement
	Support for small business start-up and entrepreneurship support
	Support for achieving self - sufficiency

The presented Call for Proposals is divided in two LOTS:

LOT 1: Grants to better respond to the reintegration/inclusion needs of VoT/PVoT in daily social life for licensed and non licensed CSO/NGO social services providers

LOT 2: Grants to better respond to self-sufficiency needs of VoT /PVoT for licensed and non licensed CSO/NGO social service providers

VoT/PVoT – considered the beneficiaries of this sub-granting scheme, will be receiving tailor-made social support and economic reintegration services. They will be benefiting from the sub-granting program after or while undergoing rehabilitation from trafficking. Some VoT may require all of the support services listed within the SGS at some stage of their reintegration, whereas others may require only some of the services and may be able to draw on their personal, family and community resources to support their reintegration. What services are required (if any) will depend on the specific situation of each individual VoT. It is critical that interventions are designed to meet their actual needs at various stages of their post-trafficking recovery, thus delivered following an individualized approach.

Priority will be given to actions that target difficult to reach / high risk populations (e.g. RAE populations, minorities, etc.) and/or remote and isolated areas (*see evaluation grid*).

1.3 Financial allocation provided by the contracting authority

The overall indicative amount made available under this call for proposals is EUR 150,000. The Contracting Authority reserves the right not to award all available funds.

Indicative allocation of funds by lot:

¹ the applicants should be specialized, which would require at least 3 years of experience in offering services to the victims of trafficking (see eligibility conditions)

LOT 1: Grants to better respond to the reintegration/inclusion needs of VoT/PVoT in daily social life for licensed CSO/NGO social services providers - EUR 100,000;

LOT 2: Grants to better respond to self-sufficiency needs of VoT /PVoT for licensed and non licensed CSO/NGO social service providers - EUR 50,000.

If the allocation indicated for a specific lot cannot be used due to insufficient quality or number of proposals received, the Contracting Authority reserves the right to reallocate the remaining funds to another lot.

Size of grants

Any grant requested under this call for proposals must fall between the following minimum and maximum amounts:

LOT 1

- minimum amount: EUR 5,000
- maximum amount: EUR 30,000

LOT 2

- minimum amount: EUR 5,000
- maximum amount: EUR 10,000

Co-funding

The sub-granting scheme will award 100% of eligible cost for a maximum of EUR 150,000 within the required limits and until the funds are available.

In Annex 2 of the grant application form ('declaration by the lead applicant'), the lead applicant must declare that the lead applicant himself, and the co-applicant(s) are not in any of these situations.

The lead applicant may act individually or with co-applicant(s). Entities interested to apply (both Lots) are strongly encouraged to form alliances in order to increase the expected impact and efficiency of the proposed action (*see evaluation grid*).

Co-applicant(s)

Co-applicants participate in designing and implementing the action, and the costs they incur are eligible in the same way as those incurred by the lead applicant.

Co-applicants must satisfy the eligibility criteria as applicable to the lead applicant himself.

The applicants should be able to provide evidence of the above by presenting the following documents under the Kosovo law:

Visibility

The Applicants must take all necessary steps to publicise the fact that the European Union is funding the action through "*Moving Forward: Promoting Greater Efficiency and Effectiveness in the Fight against Trafficking in Human Beings in Kosovo*" project implemented by a consortium led by KMOP. As far as possible, the proposals that are wholly or partially funded by the European Union must incorporate information and communication activities designed to raise the awareness of specific or general audiences

of the reasons for the project activities and the EU support in the local or region concerned, as well as the results and the impact of this support.

Such measures shall comply with the Communication and Visibility Manual for European Union External Actions laid down and published by the European Commission, which can be found at: https://ec.europa.eu/europeaid/funding/communication-and-visibility-manual-eu-external-actions_en .

Number of grants per applicant

- The applicant may not submit more than one application under this Call for Proposals (an entity can apply under one Lot only).
- The applicant may not be a co-applicant in another application at the same time.
- A co-applicant may not submit more than one application under this Call for Proposals.

2.1.3 Eligibility of costs: costs that can be included

Only eligible costs can be covered by this sub grant scheme. The categories of costs that are eligible and non-eligible are indicated below. The budget is both a cost estimate and an overall ceiling for 'eligible costs'.

The reimbursement of eligible costs may be based on actual costs incurred by the beneficiary(ies) in accordance with the agreed budget, specified in units and unit costs, as per template specified in Annex 4.

At the contracting phase, the Contracting Authority decides whether to accept the proposed amounts on the basis of the provisional budget submitted by the applicants, by analysing factual data of grants carried out by the applicants or of similar actions.

Recommendations to award a grant are always subject to the condition that the checks preceding the signing of the grant contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead the Contracting Authority to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant as a result of these corrections.

It is therefore in the applicants' interest to provide a realistic and cost-effective budget.

Eligible costs are actual costs incurred by the Applicants which meet all the following criteria:

- a. they are incurred during the implementation of the Action;
- Costs relating to services and works shall relate to activities performed during the implementation period. Costs relating to supplies shall relate to delivery and installation of items during the implementation period. Signature of a contract, placing of an order, or entering into any commitment for expenditure within the implementation period for future delivery of services, works or supplies after expiry of the implementation period do not meet this requirement;
 - Costs incurred should be paid before the project closing date.
- b. they are indicated in the estimated overall budget for the Action;
 - c. they are necessary for the implementation of the Action;
 - d. they are identifiable and verifiable, in particular being recorded in the accounting records of the Beneficiary(ies) and determined according to the accounting standards and the usual cost accounting practices applicable to the Beneficiary(ies);
 - e. cash payment will be allowed only up to a ceiling of 200 EUR maximum;
 - f. they comply with the requirements of applicable tax and social legislation;
 - g. they are reasonable, justified and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

Contributions in kind

Contributions in kind mean the provision of goods or services to a Beneficiary(ies) free of charge by a third party. As contributions in kind do not involve any expenditure for a Beneficiary(ies), they are not eligible costs for this application.

Contributions in kind may not be treated as co-financing. However, if the description of the action as proposed includes contributions in kind, the contributions have to be made.

Subject to the above and where relevant to the provisions related to contract award procedures being respected, the following direct costs of the Beneficiary and its partners shall be eligible:

- cost of staff assigned to the Action, corresponding to actual salaries including statutory deductions and other remuneration-related costs; salaries and costs must not exceed those normally borne by the Beneficiary or its partners, as the case may be, unless it is justified by showing that it is essential to carry out the Action. *The percentage of staff engagement depends on the number of final beneficiaries and the number of services provided.* A full position for professional staff may be considered for 10 or more P/VoT beneficiaries.
- travel and subsistence costs for staff and other persons taking part in the Action, provided they do not exceed those normally borne by the Beneficiary or its partners, as the case may be;
- purchase costs for equipment (new or used) and supplies specifically for the purposes of the Action, provided they correspond to market rates and that ownership is transferred at the end of the Action, if the case;
- costs of consumables;
- operating costs provided they are based on real costs attributable to the implementation of the operation concerned and *do not exceed 10% of the total eligible costs of the Action*;
- costs entailed by contracts awarded by the Beneficiary(ies) for the purposes of the Action;
- costs deriving directly from the requirements of the Contract (dissemination of information, translation, reproduction, insurance, etc.) including financial service costs, in particular the cost of transfers;
- any other cost necessary for the implementation of the Action, in line with the national legislations and the Budget of the Action.

Ineligible costs

The following costs are not eligible:

- debts and debt service charges (interest);
- provisions for losses or potential future liabilities;
- costs declared by the beneficiary(ies) and financed by another action or work programme receiving a European Union (including through EDF) grant;
- purchases of land and existing buildings;
- customs and import duties and levies and/or charges having equivalent effect;
- Value Added Tax (VAT), excise duties and other special consumption taxes or any other similar tax, duties or charges having equivalent effect;
- special communication tax;
- motor vehicle taxes;
- special charges applied by regional or local authorities or special boards in the context of contract execution not proportional with the cost involved in their execution or of having equivalent effect or taxes;
- currency exchange losses;
- credits to third parties;

- in kind contributions;
- salary costs of the personnel of national administrations, unless otherwise specified in the sub-grant contract and only to the extent that they relate to the cost of activities which the relevant public authority would not carry out if the Action were not undertaken.

The lead applicants will be informed in writing of the Contracting Authority’s decision (by regular mail or e-mail) concerning their application and, if rejected, the reasons for the negative decision.

- The application is incomplete or otherwise non-compliant with the stated administrative conformity criteria;
- The applicant or one or more partners are ineligible;
- The project is ineligible (e.g. the activity proposed is not covered by the programme, the proposal exceeds the maximum duration allowed, the requested contribution is higher than the maximum allowed, etc);
- The relevance and technical quality of the proposal is considered lower than that of the selected proposals;
- The financial quality of the proposal is considered insufficient.

Complain may be submitted by email to infosgs@kmop.eu. The Complain Committee will consider the complaints. The complaints will be answered within 5 (*five*) *working days* from their receiving.

In order to be considered, a complaint must:
